

APHRODISIAK® SOLUTION

THE TECHNOLOGY THAT INCREASES THE POWER OF SEDUCTION

ALL THE DESIRE RELEASE BY POWERFULL MICROCRYSTALS

STIMULATES THE SENSES

Tested and approved by our panel, Aphrodisiak® has a unique and pleasant scent conducive to emotions.

ECO-MICROENCAPSULATED TECHNOLOGY

Features a **high-performance microencapsulated technology** that ensures prolonged persistence and long-lasting effectiveness.

NATURALLY-OCCURRING SUBSTANCE

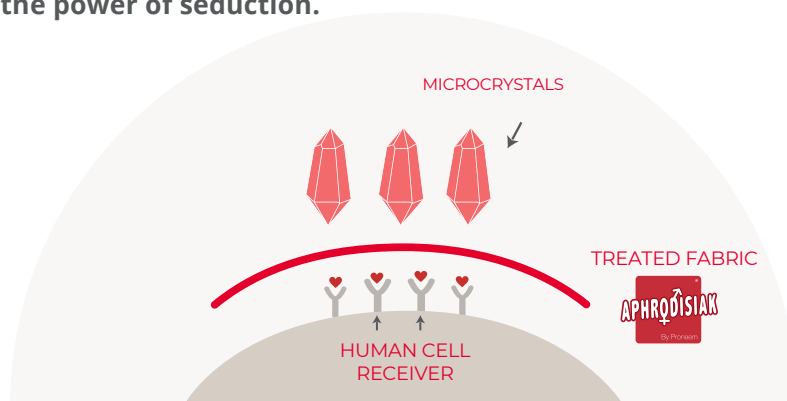

Combining **natural essential oils** of ginger, ylang ylang and cinnamon, the Aphrodisiak® solution is **biosourced**.

COMPLIANT & RESPONSIBLE

Mechanism of action

APHRODISIAK® releases **microcrystals** with bewitching and attractive active ingredients. The treatment is composed notably of ginger, ylang ylang and cinnamon. These natural essential oils **increase the power of seduction**.

Performance

Evaluation of the appreciation of APHRODISIAK® fabric carried out on a targeted panel of 65 people (33 men and 32 women aged 25 to 50)
